

Cisco Intersight

CISCO INTERSIGHT PROOF OF VALUE OVERVIEW

This is a fixed engagement that defines a Cisco Intersight Proof of Value (POV). This can be executed remotely with EnterOne equipment or on-site with customer equipment. This POV focuses on the value of utilizing either SaaS or On-Prem Intersight with the Cisco Hyperconverged solution that provides a way to demonstrate the value of Cloud managed HCI solutions.

The equipment used for this POV will consist of a minimum of the following and is based on the contents of Cisco's Hyperconverged Solutions that include:

- (2) Cisco UCS Fabric Interconnects
- (3) Cisco HX Converged Nodes C-Series
- (1) VMware vCenter instance
- (1) Cisco Intersight SaaS deployment option
- (1) On-Prem Intersight Virtual Appliance (if required by client instead of SaaS)
- Installation and configuration of the above equipment is done prior to starting the POV.

The POV will cover the following areas of Intersight with Hyperflex. The delivery will provide information on the value of having Intersight as the cloud managed solution for Hyperflex.

- The value Cisco UCS architecture including an overview of UCSM, Fabric Interconnects, C-Series, VIC cards
- Show the value of automated deployment of Hyperflex either through the OVA installer (on-site) or Intersight (remote).
- Deployment of Hyperflex from Intersight SaaS
- Intersight Management of HX Cluster
- Hyperflex upgrade infrastructure through HX Connect
- Hyperflex troubleshooting and CLI overview

Cisco Intersight

WHAT YOU GET

- Up to 3-days of POV remote support
- Whiteboard design session with UCS/HX Expert including knowledge transfer throughout the project on topics related to the proposed network design, configuration, and management.
- Migration of virtual workloads from legacy to HX

WHY ENTERONE

EnterOne engineers have delivered many deployments, with consistently high customer satisfaction scores across all of Cisco's architectural solutions. EnterOne's 9-step professional blueprint is the methodology used to drive successful projects to completion. EnterOne is a Cisco MINT and DSI Partner and a Platinum Learning Partner engaged with driving Cisco learning and deployment services for highly integrated solutions.
